

***NOTICE REGARDING THOSE FAMILIES WITH LAKE
COMPOUNCE SEASON PASSES***

Should a student have a current and up-to-date season pass (2019) to the amusement park the trip cost will be reduced from \$50.00 to \$25.00. In speaking with Lake Compounce officials season passes will only be accepted if the account is activated (to include picture ID's) prior to the May 10, 2019 trip. The park will validate and complete this process prior to the opening of the spring season but will not do it on the day of our trip. If families wish to partake in the reduced fee, it is to be understood that ID's must be completed before our field trip; since student(s) involved with reduced fee tickets will not have a ticket available to them when we arrive at the park. Should you have further questions regarding this information please feel free to contact the Lake Compounce business office (860) 583-3300 during normal business hours.
