HOME OF THE HUSKIES

Two Great Towns, One Awesome School, Endless
Opportunities...

Mission Statement

Regional School District #10 provides a safe and respectful learning environment to promote academic excellence and personal growth. We work collectively to cultivate the skills and knowledge of our students to create inquisitive learners, innovative leaders, and responsible citizens.

Core Values

(Dolphin P.R.I.D.E, Husky P.R.I.D.E, Spartan P.R.I.D.E)

A school's core values define those qualities that are foundationally desired to be both modeled by the educational practices within a school and to be intrinsically established in the practices of its students. Beyond academic proficiencies, these values are what we hope students take with them into their futures:

Perseverance

- *All learners will continuously improve, overcoming setbacks, to maximize their potential.*

Respect

- *All learners will develop an appreciation for a diversity of voices and perspectives in an increasingly complex world.*

Integrity

- *All learners will consistently reflect on their behaviors to act with honesty, holding themselves to high ethical standards.*

Discipline

- *All learners will achieve when held to high standards of academic excellence.*

Engagement

- *All learners will develop skills to be productive in varied communities.*

Vision of the Graduate & Learning Expectations

A **Vision of the Graduate** emphasizes a holistic view of expectations for students, including the transferable skills, content, understandings, and disposition that students should have by the time they graduate and a method of assessing a student's progress toward that vision.

Region 10 graduates will be:

Har-Bur Middle School, together with parents and the two communities it serves, seeks to actively engage students in the pursuit of academic excellence during their transition from childhood to adolescence. Using a relevant curriculum and varied instructional techniques, we foster the cultural, emotional, intellectual, and physical potential of every student so that all, through effort and hard work, will achieve the skills necessary for success in the 21st century.

WELCOME TO THE HAR-BUR MIDDLE SCHOOL COMMUNITY – HOME OF THE HUSKIES

Welcome to the 2020-2021 school year and a new beginning at Har-Bur Middle School. We hope that this handbook will explain our policies, clarify our expectations, and encourage communication between us. Although this handbook contains information about your school and its policies, not all rules can be codified in this publication. It is essential that you, our students, and your parents/guardians read, discuss, and become familiar with this information. We want the years you spend with us to be the best they can be. Helping you prepare for your future is an opportunity that is important to all of us. We are glad you are part of the Har-Bur community of learners and we look forward to an exciting and engaging year.

DISTRICT POLICIES

(Please note: Board policies are set forth **in their entirety** on the District's Website.)

1. RESPONSIBLE USE POLICY

Network and Internet access is available to students of Region #10. The Board of Education is pleased to provide this access and recognizes its potential to support our curriculum by expanding current resources. The *Responsible Use Policy* contained in this handbook (see pages 25-26) must be signed by the student and a parent/guardian. Please sign the acknowledgement of this policy online and access will be provided.

2. ACCESS TO PROGRAMS AND SERVICES FOR STUDENTS WITH DISABILITIES

A student who has a disability impacting the ability to learn or function in the school environment may be entitled to special services including reasonable accommodations (Section 504 Plan) and/or special education (Individualized Education Plan). A 504 Plan outlines the modifications and accommodations that a student with a disability needs in order to participate fully in the programs offered by the school. Special education is specially designed instruction created to meet the unique needs of students with disabilities. In providing special education to students, the district complies with the requirements of federal and state law. Eligibility for special education is determined by a planning and placement team. Before a child is referred to a planning and placement team, alternative procedures and programs in regular education shall be explored and, where appropriate, implemented. Referrals for special education may be made by school personnel as well as from a student's parents, physician, or social worker.

Regional School District #10 is committed to providing parents and other interested parties with information about the identification, evaluation and programming for students with disabilities. Parents who have questions about the services available to students with disabilities should contact Mrs. Ursula Cleaver at Har-Bur Middle School 860-673-6163 or Ms. Dana Corrivuea, Director of Student Support Services at (860) 673-6195, Regional School District #10, 24 Lyon Road, Burlington, CT 06013.

3. ADMINISTRATION OF EPINEPHRINE FOR EMERGENCY FIRST AID

Connecticut law (Public Act 14-176) requires school nurses and other qualified and trained school employees in each public school to maintain epinephrine in cartridge injectors (often referred to as "EpiPens") for the purpose of administering emergency first aid to students who experience allergic reactions *and do not* have a prior written authorization of a parent or guardian or a prior written order of a qualified medical professional for the administration of epinephrine. This law serves to permit schools to provide emergency first aid to a student who experiences an allergic (and potentially life threatening) reaction even if the student does not have a prior written authorization for the administration of epinephrine. However, this same law permits the parent or guardian of a student to submit a written directive to the school nurse (or school medical advisor) that epinephrine shall not be administered to the student in emergency situations. *If a parent wishes to so prohibit the emergency use of epinephrine or has any questions with regard to the emergency use of epinephrine and the parental ability to prohibit its use, then please contact the school nurse.*

4. ATTENDANCE POLICY

Connecticut state law requires parents and persons having control of children between the ages of 5 and 18 must ensure that such children attend school regularly unless the parent or person having control of such children is able to show that the child is elsewhere receiving equivalent instruction in the studies taught in the public schools.

Good attendance is a necessary part of the educational process and is closely related to successful performance in school. When a student is absent s/he misses the important interaction that occurs in the classroom. The school will assist parents/guardians in that responsibility by encouraging students to attend school.

Recent legislation allows 10 days of excused absences in any school year—and additional time at the discretion of the Board—for a student to visit with a parent or legal guardian who is an active duty member of the Armed Forces and has been called to duty or is on leave from active duty or has immediately returned from deployment to a combat zone or combat support posting.

Excused or Unexcused Absences

Students are considered absent if they are not present for at least half of the regular school day. For the first nine absences in a school year, an absence will be excused when a parent provides a timely written note approving the absence. ***For the tenth and further absence to be considered excused, the absence must be due to an acceptable reason.***

Acceptable reasons include:

- student illness (verified by a licensed medical professional);
- observance of a religious holiday;
- death in the family or other emergency beyond the control of the student's family;
- mandated court appearances (additional documentation required);
- lack of transportation usually provided by the school district;
- extraordinary educational opportunities (pre-approved by the principal)
- visit with parent/guardian who is an active duty member of the Armed Forces (as required by state law, some restrictions apply)

Updated 8/25/20

- a “disciplinary absence” is not an unexcused absence

All documentation of absences must be provided within ten days of the absence. For more information, please refer to Board Administrative Regulation 5115A.

Tardiness

The practice of being on time is a good habit formed not only for the school years but also for life. Frequent tardiness indicates a lack of responsibility and violates school rules. Parents/guardians are urged to assist their children to arrive at school by 8:00 a.m. for an 8:05 start.

Absence from School

If your child is ill, parents/guardians are asked to call or e-mail:

Gr. 5 & 6 – Kristen Belmonte (860) 673-6163 Ext. 17310 or e-mail:BelmonteK@region10ct.org

Gr. 7 & 8 - Beth Niedmann (860) 673-6163 Ext. 17507 or e-mail: niedmanne@region10ct.org

Please send a written excuse when your child returns to school. If an extended period of absence of two or more days is expected, parents/guardians may call the nurse by 9:00 a.m. of the second day to request missed homework assignments. The packet will be available after a 24-hour period. It is the responsibility of parents/guardians to pick up the assignments.

Truancy

Truancy is defined as four unexcused absences from school in any one month or 10 unexcused absences from school in any school year. When a student is identified as a truant, the principal, or his designee, will hold a meeting with the parent and appropriate school personnel to review and evaluate the reasons for the student's truancy.

5. BULLYING POLICY

“Bullying” means (1) the repeated use by one or more students of a written, oral or electronic communication, such as cyber bullying, directed at or referring to another student attending school in the same school district, or (2) a physical act or gesture by one or more students repeatedly directed at another student attending school in the same school district, that:

- (a) Causes physical or emotional harm to such student or damage to such student's property,
- (b) Places such student in reasonable fear of harm to himself or herself, or of damage to his or her property,
- (c) Creates a hostile environment at school for such student,
- (d) Infringes on the rights of such student at school, or
- (e) Substantially disrupts the education process or the orderly operation of a school.

Bullying shall include, but not be limited to, a written, oral or electronic communication or physical act or gesture based on any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics. It also includes any act of physical, emotional or sexual abuse, including stalking, harassing, and threatening, that occurs between two students who are currently in or who have recently been in a dating relationship.

Reporting Bullying: Any student who believes he or she has been the victim of bullying may report the matter to any school employee. Students may anonymously report acts of bullying to school employees. Parents or guardians of students may file written reports of suspected bullying.

School employees who witness acts of bullying or receive reports of bullying are required to orally notify the safe school climate specialist (or another school administrator if the safe school climate specialist is unavailable), not later than one school day after such school employee witnesses or receives a report of bullying, and to file a written report not later than two school days after making such oral report.

We regularly assess school climate and welcome information from students and parents/guardians about their perspectives and opinions of the school climate. Periodically, we will ask students to respond to surveys about school climate and their responses may be made anonymously. A copy of the Board's Safe School Climate Plan/Bullying policy (Board Policy 5152), is available at the main office in every school and on the district website.

6. BUS POLICY

School transportation privileges are extended to students conditional upon satisfactory behavior on the bus. Students will be advised that they may be suspended from transportation services for unsatisfactory conduct while awaiting or receiving transportation to and from school that endangers persons or property or violates a board policy or administrative regulation.

Students are expected to:

1. Be courteous to other students and respectful to the bus driver

Updated 8/25/20

2. Only ride the bus for their assigned route. If a regular alternate schedule needs to be arranged, parents/guardians must submit written notice to the school in a timely manner.
3. Arrive promptly at their bus stops and wait until the bus comes to a complete stop before attempting to board.
4. Wait for the driver to signal them when crossing the street in front of the bus.
5. Enter or leave the bus only at the front door except in cases of emergency.
6. File on and off bus in an orderly manner, with no rushing or pushing.
7. Immediately take a seat when they enter the bus and remain seated while the bus is moving. Kneeling and/or standing on seats is not allowed.
8. Keep arms and hands inside the bus and never out the windows. Windows are to be regulated under the supervision of the driver.
9. Help keep the bus clean, sanitary and orderly and shall refrain from damaging or abusing the bus, its cushions or its equipment.
10. Always check to make sure they have not left personal belongings on the bus.
11. All additional school rules apply while using school transportation

High School Students' Use of Middle School Buses

When seating is available, high school students may be permitted to ride the HBMS buses after school with the permission of the LSM Administration or the Dean of Students. Permission will only be granted to high school students who are in good academic and disciplinary standing. Such students will be required to sit directly behind the bus driver.

7. CHAPERONES AND VOLUNTEERS

For the safety of students, all non-school employees who wish to volunteer to work unsupervised and/or chaperone overnight/day school trips with Har-Bur students must be approved through Central Office. As part of the approval process, volunteers having direct contact with students must submit to a background check. *Background Review Consent Forms* for all school volunteers are available from teachers, administrators, and/or the middle school main office.

8. DRUG, ALCOHOL AND TOBACCO POLICY

The administration of Regional School District #10 has a "No Tolerance Policy" when a student is in possession of drugs, attempts to purchase drugs or demonstrates signs of use or being under the influence of drugs. Upon investigation of such an incident, a student will be suspended out of school for 10 days in accordance with the student due process procedures, and the student will be subject to possible expulsion by the Board of Education.

Any student found in possession of, using, purchasing or distributing over-the-counter or prescription medications will be subject to consequences determined by the administration of Har-Bur Middle School.

The Board of Education prohibits student possession, use, purchase, manufacture, and/or distribution of any restricted drug, alcohol, or drug paraphernalia or being under the influence of any drug, drug-like substance, or over the counter medication taken without a parent's and physician's permission. This prohibition includes any activities sponsored by a school on or off school premises.

Recognizing the potential of each student and that drug and alcohol abuse and dependency can seriously impair a student's ability to learn, it is the policy of the schools to take positive actions to prevent drug and alcohol abuse. These actions will be through education, school intervention, parental involvement, medical assessment/referral, and police referral in the handling of incidents in the schools involving the possession, sale, and/or use of behavior-affecting substances. These substances shall include but not be limited to marijuana, cocaine, LSD, inhalants (which have behavior-affecting ingredients), alcohol, and barbiturates. (*Cf. 6164.11-Drugs, Tobacco, Alcohol*)

School properties may be inspected by school authorities in the interest of maintenance, health and safety. Inspections for the location of restricted drugs, narcotics, liquor, weapons, poisons and missing properties are matters relating to health and safety and may be regarded as reasonable purposes for inspection by school personnel. (*Cf. 5145.12-Search and Seizure*)

A student on school grounds, during a school session, or anywhere at a school-sponsored activity who shows signs of being under the influence, possesses, uses, dispenses, sells or aids in the procurement of a controlled substance, tobacco or alcohol shall be subject to discipline pursuant to the procedure outlined below.

Disciplinary procedures will be administered with the best interests of the student, school population and community in mind. Personal privacy rights of students shall be protected as provided by law. (Please note: The District reserves the right to take disciplinary action consistent with Board Policy 5114, which includes the right to impose expulsions for certain off-campus conduct.)

Tobacco

The Regional School District #10 Board of Education promotes a tobacco free environment. There shall be no smoking or other use of tobacco products by school employees, students, visitors, Board of Education members or any other person in school buildings, on school grounds or on school buses. For the purpose of this policy, the term "smoking" includes the use of electronic cigarettes and other devices used to ingest nicotine by inhaling a vapor.

Updated 8/25/20

All students are further prohibited from smoking or using tobacco products at any time when students are subject to the supervision of designated school personnel, such as when a student is at any school sponsored function, extracurricular event, field trip, or school related activity. Policy adopted: May 11, 2009.

Disciplinary actions will be in accordance with regulations approved by the Board of Education (*See 5131.6A-Student Code of Conduct, section 6, page 8*) including recommendation for arrest and fines provided by CT Statutes Sec. 19a-342) Policy adopted: December 21, 1992
Policy revised: Jan. 2015 5131.6A. Violation of this policy and law may result in:

Potential Loss of Privileges

Any additional offenses will result in escalating disciplinary consequences.

Drug and Alcohol Distribution in the School

School personnel are forbidden to act in a law-enforcement capacity. In all cases of emergency, or of clear danger, the schools will cooperate with the police.

Whenever a student is expelled for the sale or distribution of drugs or alcohol, the student will be referred to a certified drug counselor/agency for evaluation and recommendation for rehabilitation. The name of the student will be sent to the State Department of Education within thirty days after the student is expelled. Whenever the Board of Education notifies students between the ages of sixteen and eighteen or the parents or guardians of such students that an expulsion hearing will be held, the notification will include a statement that the board is not required to offer an alternative educational opportunity to any student who is found guilty of offering for sale or distribution alcohol or controlled drugs on school property or at a school sponsored activity.

Emergencies

If a student's condition or behavior creates an emergency situation, which may be due to drug or alcohol activity, the actions toward that student should be channeled through the school nurse under the direction of the principal.

A professional staff person perceiving a student to be under the influence of alcohol, drugs, or other substances will immediately notify the principal and the school nurse giving all pertinent information. Written records of the incident will be kept in the principal's confidential file.

The school nurse will advise the school principal of the severity of the emergency.

- a. If it is determined that a student is under the influence of drugs or alcohol and is in need of immediate medical attention, the student will be transported to an area hospital and the parent will be notified. If immediate medical attention is not required, the parent or guardian will be called and asked to take the student home.
- b. Students treated for emergencies related to alcohol or drug abuse will be suspended from school. Such suspension may be altered by the school administrator if the student agrees to be assessed by a certified substance abuse counselor/agency and completes the program prescribed by the agency.
- c. Cases of drug overdose will also be treated as possible suicide attempts and an appropriate assessment will be conducted to determine if such is the case.
- d. The administration will notify the Office of the Superintendent.

Suspensions

Students who are suspended from school for possession and/or use of a controlled drug or alcoholic beverage are required to meet with their parent/guardian, the student assistance team, a school counselor, department of student services mental health professional, and school

Updated 8/25/20

nurse. Corrective plans will be recommended, and the parents notified in writing at the time of suspension. Arrangements for further follow-up contact will be made. All suspensions will be conducted in accordance with due process requirements.

Search and Seizure

No Expectation of Privacy in Use of School Property:

Desks, lockers, and other such property owned by the Board of Education are provided for use by students solely to support the educational experience. Although students are given use of these items, the Board retains access and control of all school property and may inspect the interior condition of desks and lockers for proper maintenance, health, safety, and other administrative purposes. Inspections of school property may be accomplished with or without advance notice to students. **Students should have no expectation of privacy in the use of desks, lockers and other similar school property.** School officials may not use periodic inspections of school property as a pretense to search an individual student's locker or desk.

When and How School Officials May Conduct Searches:

School officials may search an individual student, the student's personal belongings or the student's locker or desk in situations when there is reasonable suspicion that the student has violated a law or the rules of the school. The search must be **justified at its inception** in that there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. In other words, the information giving cause for the search should be sufficient and reliable to the extent that there is a moderate chance of finding evidence of wrongdoing. In addition, the search must be **reasonable in scope** so that the manner in which the search is conducted is reasonably related to the objective of the search and not excessively intrusive in light of the age and gender of the student and the nature of the infraction.

Instruction

The professional staff shall become aware of the problem and more knowledgeable in the recognition of the symptoms of such use. Annually, teachers in each grade shall emphasize the effect of alcohol, nicotine, tobacco, and other drugs on health, character, citizenship and personality development whenever appropriate in the health education program and such other contexts which touch on the subject.

It is desired that the administration make use of in-service training sessions for both certified and non-certified staff in order to achieve the goals of this board-adopted regulation, and that full cooperation with community agencies be sought wherever such cooperation can work to the advantage of the student.

Students Voluntarily Participating In Athletic and Other Extra-Curricular Activities

A separate drug policy may be established for students in extra-curricular/athletic activities. Based on the premise that such students are important role models and that drug use may impair athletic or extra-curricular performance, additional behavioral standards may be set. Most commonly this includes the expectation that students will be drug free, i.e., they will not use, **or knowingly be in the presence of**, alcohol, tobacco or other drugs on their personal time. Sanctions/consequences usually include probation, suspension or removal from the extra-curricular/athletic activity. The most effective programs of this type utilize a contract that is signed by the student and his/her parents. The contract specifies the expected behavioral standards and the consequences for violating them.

Referral for Drug Evaluation

Upon referral, the choice of the counselor/agency is left to the student and family, although the school will provide them with a list of certified drug counselors/agencies. When making such referrals, school personnel should request that the student and family sign a "release of information" form, which will allow the school to share information with the counselor/agency and will allow the counselor/agency to share information with the school. The limits of information to be shared should be specified in the release.

9. EXEMPTION FROM INSTRUCTION

The Board of Education may offer programs of instruction regarding family life that may include family planning, human sexuality, parenting, nutrition, and the emotional, physical, psychological, hygienic, economic and social aspects of family life. When family life programs are offered in the curriculum, a student shall be exempt from any portion of the instruction upon the written notification by the student's parent or guardian to the building principal. Parents and guardians may also request, in writing, to the building principal that his/her child be exempt from instruction in any of the following: AIDS, sexual abuse and assault awareness, or participation in or observation of the dissection of any animal. Students who are exempt from instruction shall be required to complete an alternative assignment or will be assigned to a supervised study period.

10. FERPA - SCHOOL RECORDS AND CONFIDENTIALITY

Updated 8/25/20

The Region #10 Board of Education has adopted a written policy concerning the confidentiality and accessibility of student records. Copies of the complete board policy are available at the guidance office. Consistent with the Family Education Rights and Privacy ACT (FERPA), the student records policy affords parents of students and students over 18 years of age ("eligible students") certain rights with respect to education records.

They are:

- The right to inspect and review the student's education records. Parents of minor or dependent children and eligible students are entitled to review educational records upon request made to the school principal.
- The right to request the amendment of the student's educational records when the parent or eligible student believes such records are inaccurate, misleading or otherwise in violation of the student's privacy rights. A request for an amendment to educational records should be made in writing to the school principal and identify the record(s) at issue and the reason for the request.
- The right to consent to disclosure of personally identifiable information contained in the student's education records except to the extent that the law authorizes disclosure without consent.

The term "directory information" refers to information that would not generally be considered harmful or an invasion or privacy if disclosed. Although the district uses its discretion and exercises caution when releasing directory information about its students, it is possible that information regarding your child may be released to parties such as the media, colleges, civic or school-related organizations, employment and military recruiters, as well as to the public via school district websites or in published programs for athletic, music, theater and other school sponsored presentations.

Directory information includes the following categories of information: (1) Name of student; (2) Address; (3) Telephone number; (4) Electronic mail address; (5) Photograph; (6) Date and place of birth; (7) Major field of study; (8) Grade level; (9) Dates of attendance; (10) Participation in officially recognized activities and sports; (11) Weight and height of members of athletic teams; (12) Degrees, honors and awards received (including publication of honor roll); (13) Most recent school previously attended.

A parent or guardian may object to the disclosure of any or all of the categories of directory information without prior written consent. To prevent the release of any category of directory information, a parent or guardian must file a notice of objection in the main office of the school in which the student attends.

15. NOTIFICATION OF VIDEOTAPING, PHOTOGRAPHS & WEBSITE PICTURES

During the course of the year, teachers may be videotaping and photographing classroom lessons for the purpose of teacher training, action research, and student recognition. The reasons include district and school classroom projects such as student teaching, teacher participation in state certification program, teacher (peer) observation and coaching using cameras or video cameras for professional development discussions. The focus and purpose for some of these photos and videotapes is for teacher training. At other times during the year student pictures may be taken by newspapers, television stations or posted on our website. The purpose of these photographs and/or video would be to publicize and to recognize student achievement and work. The student's name, school attended and participation in officially recognized school activities, sports, degrees, awards and depictions of student work may be publicized. Other student data will not be included. If you are uncomfortable with your child being photographed or videotaped, please contact the administration.

Specific guidelines for the implementation of the pest management plan are provided to staff and parents/guardians of students at the beginning of each school year. Staff and parents/guardians may register for prior notice of pesticide applications (including the target pest) within school buildings or on school grounds. Persons who have registered for prior notice will be notified by any means practicable on or before the day that any pesticide application is to take place at a school.

17. SOCIAL MEDIA POLICY

The Board of Education recognizes the prevalence of social media and acknowledges that its employees have the right under the First Amendment, in certain circumstances, to speak out on matters of public concern through the use of social media. However, the Board will prohibit the use of social media by employees, including personal use of social media when such use:

1. Disrupts the operations of the school district;
2. Interferes with the educational process;
3. Breaches the confidentiality rights of students or employees;
4. Harasses co-workers or other members of the school community;
5. Creates a discriminatory or hostile working or learning environment;
6. Endangers or otherwise puts students at risk of harm;
7. Violates the law or any of the Board's policies or regulations.

18. VIDEO SURVEILLANCE

Having carefully weighed and balanced the privacy rights of students and staff with the district's duty to ensure discipline, health, welfare and safety of staff and students, the Regional School District #10 Board of Education has authorized the use of video surveillance on school grounds and transportation vehicles.

Video cameras may be used to monitor student behavior on school transportation vehicles transporting students to and from school and extracurricular activities. Surveillance cameras may also be located in and outside of school buildings provided that they will be placed only in common areas and not in areas where students or school personnel have a reasonable expectation of privacy, such as locker rooms, restrooms and lounges. Any evidence of student or staff misconduct obtained from surveillance cameras may be used in disciplinary proceedings and, in appropriate cases, shared with law enforcement officials where there is evidence of criminal activity.

19. WELLNESS POLICY

The Regional School District #10 Board of Education recognizes the importance of promoting good student/staff nutrition and a healthy school environment. To this end, the Board authorizes the administration to develop an integrated nutrition program to provide students/staff with the skills and support to adopt healthy eating behaviors, obtain positive nutritional status, and achieve improved academic success.

Additionally, the district shall take the appropriate measures to implement a comprehensive nutrition/health curriculum, promote healthful student eating through the provision of a well-balanced and nutritionally sound school lunch program, promote the consumption of appropriate portions of healthy foods and beverages at designated times in classrooms, and encourage increased physical activity for students during and after the school day where appropriate.

Regional School District #10 is determined to create a healthful environment for our students and staff. With a collaboration of health, physical education, support services and food services, we believe that we can educate our community to make healthy and positive choices regarding physical activity and nutrition. For more information, please review the Board of Education policy, 5141.5, found on the district website.

20. ZERO-TOLERANCE POLICY FOR WEAPONS

Regional School District #10 has a zero-tolerance policy on guns, knives, and other weapons. Students may not bring to school any item that can be considered a weapon. Possession of any gun (loaded or unloaded), or of a knife of any length, or of any other weapon or look-alike weapon is intolerable in this school or at any school-related activity, regardless of the intent of the person possessing the weapon. Possession of any of these items will result in suspension from school, and it is likely to result in the student's arrest and referral to Juvenile Court. Other consequences, including expulsion from school, will also be considered. A lesser penalty will be considered only if a student has mistakenly brought the weapon to school and informs a teacher or administrator before any other student is aware of its presence.

STUDENT CODE OF CONDUCT

The Har-Bur Middle School community code of conduct is based on the Har-Bur Husky traits: respect, positive attitude, fairness, honesty, and responsibility. We are creating the best learning environment for all our members. In order to provide the most positive school climate for everyone, the following expectations for student behavior have been established.

AFTER SCHOOL

"After school" is the time after the regular school day until the late bus departs at usually between 4:15-4:30 pm for each town. This time offers students an opportunity to participate in extracurricular activities such as clubs, intramurals, interscholastic team practices, and student council; to allow for extended use of the Har-Bur facilities such as the Learning Center and computer lab; and to extend student-teacher contact time to allow for extra help or enrichment. Students who stay at school past 2:48 p.m. must be aware of the following rules:

1. All students are expected to follow the Student Code of Conduct and School Guidelines (See pages 12-20).
2. Students who are to be picked up at dismissal time should report to the Learning Center to be dismissed at the 'link way door' between HBMS and LSM. In accordance with the Har-Bur Morning and Afternoon Pick Up Policy, parents will be asked to sign students out before leaving the building.
3. Upon dismissal from school, all students are to report directly to assigned areas (activities, sports, extra help, detention, etc.) or leave the school building and school grounds immediately.
4. Students remaining after school must be under the direct supervision of a teacher or designated staff member. Students who violate this rule may lose late bus privileges for a period of time.
5. Students must stay with their activity group until the arrival of the late bus. They will be dismissed to the late bus with a pass from the supervising teacher.
6. Students who wait for a ride after the late bus has left must wait in the lobby near the main office or other area designated by the supervising teacher.
7. Students must attend classes on the day they are planning to participate in the after-school activities.
8. With administrative permission in advance and a note from home, students can walk or ride their bicycles to and from home but are to wait until all buses have left and are not to trespass on private property or loiter on streets or areas adjacent to the

Updated 8/25/20

school. Bicycle riders must observe bicycle safety rules/traffic laws, including the need for all students under the age of 13 to wear a helmet when riding a bicycle.

ATHLETIC TEAM CONDUCT

In order to participate in Har-Bur Middle School's interscholastic sports teams, students must maintain an acceptable average in all subject areas. More than two D's and/or any failing grades in any subject will result in mandatory after school support until grades have reached an acceptable level or over time there may be a dismissal from the team. Administration and staff involved with the sports teams will be regularly reviewing students' progress reports and report cards for compliance.

Additionally, good sportsmanship and behavior is expected at all times (practices, bus rides, meets, and games). Inappropriate behavior, unsportsmanlike conduct, and/or insubordination (at any time during the season or during the school day) may, depending on the issue, result in immediate suspension or dismissal from the team. All students/athletes must adhere to the Student Code of Conduct as stated in the Har-Bur Middle School Handbook.

ATTENDANCE

Students have the responsibility to be in school and in class on time and to attend all classes and assigned activities. (Please see District Attendance Policy on page 5.)

Rules:

1. Students are expected to be present for school except for reasons of health or family emergency.
2. Students may leave the school during the regularly scheduled school day with administrative permission.
3. Students must report to assigned areas in a timely fashion.
4. Students may be required to remain after school for discipline or a teacher's assignment completion request. Parents/guardians will be notified in advance.

ATTITUDE, BEHAVIOR, AND LANGUAGE

Students are expected to be respectful and courteous while they are on school grounds, on the buses, on the way to and from school, and during school related activities.

Rules:

1. Students must comply with any reasonable request made of them by a member of the administration, faculty, or staff.
2. Students must report directly to the office when sent by a teacher or staff member.
3. Students must use appropriate and respectful language and gestures in school at all times with any fellow student or adult.
4. Students may not yell, run, jump, push, or trip other people as well as throw objects at other persons.
5. Students may not commit any act that places the health and safety of others at risk.
6. Students are not allowed to chew gum on school property.
7. Students may not be involved in inappropriate displays of affection in school (as determined by the school administration).
8. Students must be respectful of school property

CELLPHONE POLICY

Students need to keep their cellphones in their lockers during the school day and cannot access them without permission from a staff member. Failure to adhere to this request may lead to confiscation and/or parent-pick-up. If there is a pattern of violations, a student may have to turn in/pick-up cell phone in the Main Office as a proactive measure.

CONSEQUENCES

The administration and faculty of Har-Bur Middle School consider various factors when implementing the school discipline policy. Teachers, counselors, and administrators spend time meeting with students and parent/guardians to identify the cause of discipline problems and to ensure that difficult situations are resolved. Every effort is made to personalize the school environment in order to support this philosophy. Our hope is that our students, while they are with us, will learn to make wise choices and better decisions in becoming responsible citizens in our community of learners.

Depending upon the frequency and/or severity of the offense, actions such as those below but not limited to may be implemented by teachers and/or administration:

After-school detention

Expulsion

DETENTION

Office detention is assigned by the administration. A phone call to parents will occur or students will bring their parents/guardians a form to sign that describes the incident and any corrective action taken. Parents/guardians must sign this form in order to verify that they have seen it and are aware of the infraction and consequence. The form must be returned the next day to the administrator who issued the detention. Students should report to the assigned room to serve the detention. Appropriate student behavior is expected:

1. All students must arrive prepared to work quietly with assignments, textbooks, independent reading, and study materials or prepared to engage in community service.
2. Misbehavior during the detention may result in another detention or a parent/guardian conference.

A teacher detention or after-school assignment request may also be given to a student. Parents/guardians will be notified by phone or in writing in advance of the detention by the teacher. Students who fail to report as requested without a legitimate excuse are referred to the office for further disciplinary action.

DRESS GUIDELINES

Dress guidelines are based on the premise that a student's attire should be appropriate for the business of school. Dress styles and/or accessories that are disruptive to the classroom-learning environment, or considered to pose a health or safety threat, impede progress in the hallways, or damage school property cannot be worn. Appropriate dress, including shirts and shoes, must be worn at all times. Cooperation of the students and their families is essential to ensure a respectful, positive, and safe learning environment. The dress code guidelines apply for all school functions, including sporting events, dances, awards assemblies, and any other events where students are representing the school. The following articles of clothing **may not** be worn in school:

1. Articles of clothing and accessories displaying obscenities, profanity, or derogatory messages based upon a race, ethnicity, gender, disability, religion, sexual orientation, gender identity or expression or any other basis addressed by the Board's anti-discrimination and safe school climate policies.
2. Clothing that advertises tobacco products, alcohol, or other drugs.
3. Accessories that could damage property or create a safety hazard.
4. Except in special circumstances approved by the administration, students may not wear hats, scarves or hoods that cover the head in school.
5. If there is a question about appropriate dress, a decision will be made by the administration. Students will be asked to cover inappropriate articles of dress or change. Failure to comply will be considered insubordination and result in further disciplinary action. On subsequent occasions, students may be assigned additional consequences and/or may be sent home when their dress is not appropriate.

ENTERING AND LEAVING SCHOOL

Students have the right to be safe while inside the school and on school grounds during the regularly scheduled school day and for school-sponsored activities.

1. Students arriving to school are to come directly into the building and remain off streets or areas adjacent to the school.
2. Students must consume all breakfast foods and drink in the cafeteria unless given permission by their teacher to do so in the classroom.
3. Students who arrive at school prior to 7:50 a.m. must wait in the designated area of the building until they are given permission to report to their respective wings.
2. Students will remain in designated areas of the building before school, unless given permission from a teacher or approval from the administration.
3. By 8:05 a.m. students must be in their first period class and prepared for the day as they listen to announcements.

PHYSICAL CONTACT/THREATS

Students have the right to attend Har-Bur Middle School without the fear of physical harm or threats. We take matters of this nature very seriously and our protocol includes calling parents/guardians of the students involved, working on student conflict resolution processes/restorative practices, contacting the police, suspending the student making the threats, and involving support services as necessary.

Rules

1. Students may not fight, push, trip, or hit another student or adult.
2. Students may not play-fight or play-suffle ("joking around") with another student or adult.

6. Students may not engage in physical contact that is inappropriate for a school setting as determined by school administration.

RESTRICTED LISTS

Students who demonstrate inappropriate behavior may be placed on various restricted lists such as the "Restricted Lunch List," "No Pass List," "No A.M. Privileges," "No Computer Access," "No Bus Transportation," or "No Library Pass" list for a specified time determined by the administration. Parents/guardians will be notified when these consequences are enacted.

GENERAL INFORMATION

ACCIDENTS

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the adult in charge, school administration, and the school nurse.

AFTER-SCHOOL HELP

Students may, by their own request (or at the request of a teacher), stay in a classroom for additional help after school. This may be done upon the approval of the supervising teacher involved along with permission from a parent/guardian. Students may arrange for a ride home or take the late bus (when available).

AFTER-SCHOOL PICK-UP POLICY

Please refer to the Har-Bur website for detailed information regarding pick-up and drop off procedures.

BUS PASSES AND LATE BUS

Two late buses usually run on **Tuesdays and Thursdays** departing from the school around 4:15-4:30 p.m. Students are notified during the school day when there is a change. One bus transports Harwinton students and one bus transports Burlington students who are staying after school for detention, intramural sports, activities, or extra help from teachers. Students are not to remain after school unless they are under the direct supervision of a teacher and may board the late bus with a pass issued by the supervising teacher or administrator. **PLEASE NOTE: The late bus does not drop off students as close to their homes as does the regular bus. There are fixed locations for stops that can be found posted on the school website.** Parents/guardians may contact the bus company at (860) 605-9285 or review the information on line to learn of the location and approximate drop-off time for their child.

According to the Board of Education transportation policy, the Board of Education may accommodate **one permanent** Monday through Friday pick-up and drop-off schedule for each child per school year provided it is along established bus routes. In the event a permanent change to a pick-up and drop-off schedule is needed during a school year, a written request must be submitted to the school principal at least three weeks in advance of such change. We will no longer be able to accommodate for "one-time" daily changes to student transportation services. Parents who wish for their child to deviate from the regular pick-up and drop-off schedule will need to make their own private arrangements.

CAFETERIA PROCEDURES

CHILD STUDY TEAM (CST)

The staff at Har-Bur Middle School is a group of teachers, counselors, administrators, and support personnel who work together to design classroom-based, early intervention strategies, as well as more intense supports, to help at-risk students be successful. Any faculty or staff member, student, or parent/guardian who has a concern about any Har-Bur student can bring their concern to any staff member.

CONFERENCES

Parent/teacher conferences are held in the fall and again in the beginning of the second semester (by appointment only). Conferences may be requested at other times throughout the year with individual teachers or the entire team. Please leave a message for the teacher or the team with a school counselor or the secretary in the school counseling office by calling (860) 673-6163 ext. 17506.

EARLY DISMISSAL OF STUDENTS

Written parental/guardian permission for students to be dismissed early should be brought to the main office **BEFORE SCHOOL**. A student will be released to an authorized adult who must sign him/her out in the main office. Due to the bus dismissal time frame, students will have to be dismissed by 2:30 p.m. or wait until 2:55 p.m. when the buses have left the middle school grounds.

EMERGENCY INFORMATION AND INFOSNAP

During the summer, parents/guardians will receive login instructions to the demographic information software program, INFOSNAP. **This information is required so that parents/guardians may be contacted immediately should an emergency occur.** This information is also required to be on file in the school nurse's office. For your child's safety, the nurse or school counseling secretary must be contacted immediately if information changes during the school year.

FIELD TRIPS

Field trips are carefully planned educational experiences and are an extension of the prescribed curriculum. Students will receive a separate permission slip for each field trip planned. Parents/guardians must sign and return the permission slip before a child is allowed to participate. Financial aid is available for those in need.

FOOD ALLERGIES AND MANAGEMENT OF LIFE-THREATENING ALLERGIES

Some students at Har-Bur Middle School have serious, life-threatening allergies. It is important that you follow any guidelines provided to you. For more information, please refer to the district's *Guidelines for Food Allergy Management Policy*, posted on the district website. No latex products are permitted in school.

GREEN CLEANING

The green cleaning program requires Region 10 schools to use environmentally preferable cleaning products. By law, all cleaning products used in the district's schools must meet standards approved by the Department of Administrative Services. Therefore, no parent, guardian, teacher, or staff member may bring into the school any consumer product which is intended to clean, deodorize, sanitize or disinfect. Upon request, parents or guardians may receive a statement of the district's green cleaning program, including the types of cleaning products being used in the schools as well as the location and schedule of applications.

SCHOOL COUNSELING AND HONOR ROLL

Har-Bur has four school counselors for grades 5-8, each assigned to a grade. The counselors "loop" (remain with the same group of students) for all four years. The function of the school counselor is to help each student with educational, vocational, and social/personal issues. Counselors also provide connections to valuable professional resources outside of school. The name of your child's school counselor

Updated 8/25/20

will appear on his/her schedule.

Parents/guardians who wish to have counselors arrange for progress reports, special conferences, or program adjustments should call the school counseling office at (860) 673-6163. Students may arrange to see school counselors before or after school, and during lunch periods or study halls. Parents are invited to call with any questions or concerns regarding their children.

HARBUR MIDDLE SCHOOL HONOR ROLL

For 7th and 8th Grade only:

To qualify for Distinguished Honors, all grades must be A- or higher.

To qualify for Honors, all grades must be B- or higher.

Any grade of a C, D, F, INC, or NI will automatically disqualify a student from the Honor Roll.

HIGH SCHOOL FACILITIES USE POLICY

The building and grounds of Lewis S. Mills High School are considered off limits before, during, and after school unless a Har-Bur student has written permission from a teacher or approval from the administration to use the facilities. Har-Bur students may use the Learning Center and music wing with faculty supervision as per their academic schedule.

HOMEWORK GUIDELINES

Regional School District #10 defines "homework" as independent practice and learning that happens outside of the classroom. Homework aids in the creation of lifelong learners that employ skills for independence. These learning opportunities can help to serve as a connection between home and school. Independent practice reinforces skills that students should be able to practice with little support. Learning outside of the classroom may include work on long-term projects and tutorials or readings to prepare for new learning. Time allotments for homework are general guidelines. Some students may require less or more time than that which is indicated for a grade level.

Grade 5 and 6:

The expected length of time for reading at home is 30 minutes each day, or 150 minutes or more across a week. Other independent practice assignments and work on long-term projects should not exceed an average of 15-20 minutes daily. Teachers are not expected to assign homework every day.

Grade 7 and 8:

The expected length of time for reading at home is 30 minutes each day, or 150 minutes or more across a week. Other independent practice assignments, work on long-term projects, and studying should not exceed an average of 15-20 minutes daily per course. Teachers are not expected to assign homework every day.

HOMEWORK / ASSIGNMENTS MAKEUP -GUIDELINES

Students returning from an absence will have no more than five school days to make up missed or incomplete assignments, i.e., quizzes, tests, homework, etc. If there are extenuating circumstances, the time limit may be extended but only on the condition that the parents submit a written request to the Principal and are in regular contact with involved classroom teachers.

ILLNESS

In the case of illness that occurs during the day, the school nurse will notify the parent/guardian. The school nurse shall determine whether a student is ill enough to be sent home.

INSURANCE

Accident insurance is available to any Har-Bur student for the school year. Forms for such insurance, along with an explanation of its coverage, are given to each student to take home at the beginning of the school year.

THE LEARNING CENTER

The goal of the Learning Center, Har-Bur's library media center, and Maker Space is to create an environment that encourages the enjoyment of reading along with the development of information literacy skills and technology competencies. Through the collaboration of

Updated 8/25/20

classroom teachers and the library media specialist and staff, the library media program teaches students information problem solving strategies for use throughout life. Integrating existing and emerging technologies, information problem-solving techniques, and strategies using resource-based teaching and learning, students learn skills and processes that will enable them to become ethical, effective users and producers of ideas and information.

LEAVING DISTRICT

When a student is moving, the parent should sign a release-of-records form, which is available from the school counseling office. The student needs to obtain a sign-out form from their counselor, have it initialed by each of his/her teachers and library media specialist, and return it to their counselor. Before Har-Bur Middle School will release any records to the student's new district, a release of information including verification of enrollment in the child's new school must be received by middle school's Principal. The record will then be mailed to the new school. No records may be hand-carried to another school.

LOCKERS

Each student will be assigned a locker and a separate combination lock. Since lockers are a permanent part of the building, students are expected to keep them in good, useable condition. They are school property and subject to inspection. Students are to use only the locker assigned to them and should not give their lock combination to another student. Upon arrival to school, students must place backpacks, purses and other bags in their lockers and may not carry them into the classrooms. All personal items and books, when not in use, are to be kept in lockers. Students are not to use or tamper with other students' lockers. There will be a \$7.50 charge for lost, stolen, or broken padlocks.

LOST AND FOUND

Located in front of the main lobby area is a large wooden box for storage of misplaced or unclaimed articles of clothing, books, etc. The contents of the box are donated to charity after the winter and spring breaks and at the end of the school year.

LOST OR DAMAGED BOOKS AND MATERIALS

Full replacement cost or a prorated portion of the cost of books and materials that are lost or damaged beyond normal wear must be paid by the student to whom the book or materials were loaned. The final report card and yearbook may be withheld until all fees and obligations are paid in full to the office.

MEDICATION

Connecticut state law requires a written order of an authorized prescriber and the written authorization of the student's parent or guardian for school personnel to administer any medicinal preparation including over-the-counter, prescription and controlled drugs. This requirement includes inhalers, EpiPens, and medications such as Tylenol or ibuprofen. Students are not allowed to carry or have medication in their possession unless the student self-administers the medication in accordance with a medication administration plan developed by school personnel in conjunction with the student's parents and prescriber. A parent or other responsible adult shall deliver all medications, except those approved for self-administration to the school nurse or other qualified personnel trained in medication administration. All medications will be administered by the school nurse, or in the absence of such nurse, other qualified staff.

NOTICES / E-BLASTS

We give students a great deal of written communication to share with parents/guardians, such as team notices, permission slips, bulletins about programs, etc. As part of their emerging independence, middle schoolers often forget to give parents/guardians these communications. Parents/guardians should be sure to ask for such communications on a regular basis, and perhaps check student book bags or call the school. The Har-Bur website address is: <http://www.region10ct.org/HB>. Additionally, parents/guardians will be included on the e-blast list, which goes out bi-weekly, during the school year.

NUTRITION PROGRAMS

The Region 10 Board of Education participates in the National School Lunch Program and the Special Milk Program. Parents/guardians or students may apply for the free or reduced-price meals by obtaining an application from the main office or the Region 10 website and returning the completed form to the HBMS main office. Students may apply for this program at any time during the school year.

PARKING / PASSENGER DROP-OFF

All visitors must park in the visitor/staff parking lots. It is essential to avoid parking in the areas designated for buses (front circle). For pickup and drop off before and after school, parents should refer to established protocol found on the Har-Bur website.

PHOTOS

Student photos will be taken in the fall. A reminder announcement and price list will be sent home. Later in the fall, a make-up date will be held for absentees and retakes. A portion of the photo proceeds benefits the students at Har-Bur Middle School.

PROGRESS MONITORING- GRADES 6, 7, 8

For parents of 6th, 7th, 8th graders, the Parent Portal is a secure on-line copy of your child's grades that are updated approximately every two weeks.

PROMOTION / RETENTION

It is the philosophy of the Board of Education that all students should be placed in instructional programs in which they can achieve academically as well as emotionally, socially, and physically. It is expected that most students, given positive motivation and appropriate instruction, will progress satisfactorily through their elementary and secondary school programs. In certain limited instances, however, individuals may require more time to develop their educational potential.

Retention in Grades 6-8

To be promoted, a student must pass English, math, and either science or social studies. If a student fails these required courses, s/he will be promoted only if s/he passes them in an authorized summer program.

Retention in Grade 5

All fifth-grade students considered for retention or advanced grade placement must be reviewed with the principal and any other staff necessary to assist in the decision. These members may include the classroom teacher, the reading consultant, school psychologist, and any other personnel assigned by the school administration.

REPORT CARDS

At the end of the first three marking periods, report cards will be issued to all students. They will be handed directly to students in a special homeroom period held during the day. The final report card will be sent home electronically via PowerSchool.

SCHOOL DELAY OR CANCELLATION

If inclement weather or power failure necessitates the delay or cancellation of school, an announcement will be made through the District's School Messenger System or on radio stations WTIC 1080 AM, WDRC 1360 AM and 102.9 FM, WKSS 95.7 FM, WRCH 100.5 FM, WZBG 97.3 FM, and television stations WFSB Channel 3, WTNH Channel 8, and WVIT Channel 30.

SPECIAL EDUCATION AND REFERRAL TO SPECIAL EDUCATION FOR TESTING

Questions concerning special education and the referral to special education process will be answered by Har-Bur Middle School's Special Education Coordinator, Ursula Cleaver by contacting her by phone (860-673-6163 Ext. 17274) or e-mail cleaveru@region10ct.org.

Students who are experiencing a temporary medical condition including, but not limited to, the use of crutches or those experiencing the effects from a recent concussion must notify the school nurse with a written note from a doctor of their condition, prior to returning to school. Updated 8/25/20

VACATIONS SCHEDULED OUTSIDE OF THE REGULAR SCHOOL VACATIONS

The administration and faculty of Har-Bur Middle School believe strongly in the importance of students attending school every day unless they are ill. Parents/guardians are, therefore, discouraged from vacationing while school is in session. We urge you to plan vacations in conjunction with our scheduled school vacations, so students do not miss the important interaction that takes place in the learning environment of the classroom. Please notify the school nurse and your child's school counselor if your child is going to be absent for a vacation.

VISITORS AND GUESTS

Har-Bur Middle School policy is to accept only those visitors who have legitimate business at the school. Guests and visitors must register at our front Security Desk upon entrance to the school, wear the identification badge, and report directly to the school office. Students requesting to bring a guest to school must obtain prior approval from the principal and secure a pass.

WELLNESS - PHYSICAL EDUCATION AND HEALTH

Physical Education is required of all students by state law. Any student who cannot participate in physical education for any length of time must have a written excuse from a doctor. During their first wellness class the students will be notified about appropriate P.E. clothing. Students in grades 6 - 8 will be given lockers to secure their personal items. To safeguard against theft, valuables and money should be locked in their personal P.E. locker while students are in P.E. class.

RESPONSIBLE USE POLICY
Regional School District #10
(Bd. of Education Policy #6165)

RESPONSIBLE USE POLICY

Regional School District #10 believes in the educational value of technology and recognizes its potential to support our curriculum by expanding resources available for staff and student use. Our goal in providing computer resources, including Internet access, is to promote educational excellence by facilitating resource sharing, innovation and communication.

We are pleased to offer the students and staff of Regional School District #10 access to the school's computer network, including wireless access points to the network and Internet and electronic mail for staff. Access to the school's wired and wireless network will enable students

Updated 8/25/20

and staff to powerfully and efficiently explore thousands of libraries, databases, and bulletin boards throughout the world. In addition to Internet and E-Mail access, the school's local area network will make word processing software, database and spreadsheet software, and other curriculum and research related resources available throughout the school.

Region 10 also recognizes the potential value of technological devices that students privately own. Subject to the rules established by administrative regulations, students will be encouraged, as appropriate, to bring personally owned devices to school to be used for educational purposes. Region 10 is committed to enabling all students to have access to technology-supported learning. Within available resources, the Superintendent of Schools may create a program to provide access to devices for students who cannot afford them.

However, the opportunities presented by the technology raise concerns as well. Sadly, abuse of these systems can and does occur. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, access to other materials is also possible. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages and we make every effort to ensure proper use of the network by students.

Furthermore, these technologies are expensive to purchase, install and maintain. As the property of Regional School District #10, they must be carefully handled and their integrity preserved for the benefit of all. It is expected that users will comply with district procedures and guidelines and will act in a responsible and legal manner when using or accessing the district's technological resources. As with other district-owned educational materials, the Board may impose sanctions or charge fees to students for unreturned or damaged technology.

The Superintendent of Schools is authorized to establish administrative guidelines for the responsible use of district computer resources including any applicable Internet safety guidelines required by law as well as rules student use of personally owned devices on school grounds. For the purpose of this policy and administrative regulations, the following definitions shall apply: "Computer resources" and/or "technological resources" means the school district's entire computer network and equipment. This includes, the school's computer system, file servers, database servers, application servers, communication servers, mail servers, fax servers, web servers, work stations, stand-alone computers, laptops, tablets, e-readers, software, data files, and all internal and external computer and communications networks that may be accessed directly or indirectly from the school's computer network. It therefore includes all e-mail services, wireless services and Internet access. "Personally owned device" means any privately owned, electronic technology that a student brings to school. The definition includes, but is not limited to, mobile communication systems, smart technologies, laptops, tablets, netbooks and any other technology that can be used for wireless Internet access, word processing, image and/or sound recording and the transmission, receipt, and storage of data and information.
